

## **Details of personal data collected/processed and their purposes**

Depending on the purpose, we process certain personal data which, in general, are as follows:

- Registration data- name, email, contact details;;
- Geolocation data – in case of interaction via mobile, desktop or tablet..
- Data collected automatically – such as features of the access device, browser, IP (with date and time), IP origin, data about clicks and page access, or any search term entered on the websites or in reference to these, among others.

Thus, we will treat your data according to the activities you carry out on our websites. Below we detail each of the purposes for which your data will be treated:

- For identification management on the website – so you can register;
- In order to provide adequate support - We may use survey responses or queries made by the different websites as a way to assist you, both in providing a service and to enforce your rights as a data owner
  - To improve your experience on our websites;
  - We may contact you, through email, telephone, and other means of communication made available in registrations.
